OUTDOOR LIGHTS

“
Sheer brilliance of light

WAKE UP TO THE DAYLIGHTS AT NIGHT

LED Floodlights are the most preferred choice as they last long and consume less electricity as compared to standard incandescent light sources, CFLs or Halogen lights. So, they illuminate larger areas without being too expensive.

DECOR LIGHTS

“Illuminating the essence of home

BRING IN BRIGHT CHEER FROM FESTIVITIES TO REGULAR EVENTS.

Strip lights have become a popular idea for festivity and home decor. The LEDs come in durable compact packages that are resistant to shock and can be used in a variety of ways. Available in long strip lengths, LED strips are available in a wide range of single colour as well as multi-colour strips (RGB). Strip LEDs are cost effective and easier to install.
